**Q42:** We will be the prime on the proposal due Tuesday. On page 23,4 of the RFQ is states that we must attach a "copy of the applicant's "Articles of Incorporation," which show that the organization was legally incorporated at least three years prior to the date of application".

We have existed as an LLC since 2016, but we existed as a sole proprietorship since 2010. We'll be applying as an LLC. Which documents should I include in our application to show that we have been legally incorporated since 2010?

**A:** **You must submit the documents requested in RFQ Section 6.3.4, and may submit other legal documents pertaining to the incorporation status of your organization, along with an explanation of the change in incorporation.**
