Request for Proposals

Q & A 1 – Via Email Wednesday, January 10, 2018

Q1: This question combines two questions regarding licenses and certifications. Am I required to have licenses and certifications in order to complete the BIP and bid on the project?

A. No, you do not need to have the certifications or licenses to bid on the project. However, as part of the requirements of the RFP, you will need to complete an outreach to subcontractors through the BAVN system to complete the BIP requirement. Outreach does not mean you are contracting with the entity, it simply exposes you to possible subcontractors you may utilize in completing the project should you require their services. Any interested parties who wish to respond to this RFP are required to follow the RFP Process (Section 3), more specifically, Submission Requirements described in the RFP Section 3.1.
