(Supersedes WDS Directive No. 19-26)
TRADE AND ECONOMIC TRANSITION PROGRAM BUDGET GUIDELINES, WORKFORCE INNOVATION OPPORTUNITY ACT CO-ENROLLMENT INFORMATION, AND MIS REPORTING GUIDELINES

EFFECTIVE DATE
This directive is effective upon date of issue.

PURPOSE
The purpose of this directive is to provide budget guidelines, Workforce Innovation Opportunity Act (WIOA) co-enrollment information, and MIS reporting guidelines for Trade and Economic Transition (TET) Program participants. Budget guidelines will only apply to the contracted agencies under the Trade and Economic Transition Program with a contract term of May 1, 2019 to September 30, 2020.

BACKGROUND
The Retail Industry in the Los Angeles region faces significant challenges. Nationally, since 2017, nearly 9,000 stores have closed or announced closures. Over 1,000 individuals in the Los Angeles region alone have been impacted by the downturn over the past 18 months, with 17 retail closures (WARN and non-WARN).

On November 27, 2018, the Economic and Workforce Development Division (EWDD) released to its currently contracted WSC/AJCC the “2018 Trade and Economic Transition National Dislocated Worker Grant – Request for Interest” (RFI) as WDS Directive No. 19-09. The RFI focused on the TET NDWG award from the California Employment Development Department (EDD). The TET NDWG seeks to provide training and career services in the public transportation system to 200 dislocated workers from the retail industry. The City will emulate the Los Angeles County Metropolitan Transportation Authority (Metro) on Workforce Initiation Now-Los Angeles (WIN-LA), a new workforce development program created to focus on careers in the transportation industry
The TET program seeks to help expand both Metro’s and other public transportation companies’ workforce. Through partnerships with the Los Angeles Community College District (LACCD) and the Los Angeles Unified School District Division of Career Education (LAUSD-DACE), the EWDD will provide dislocated retail industry workers with life skills development, skill set enhancement, and educational attainment services. The program will also partner with the Los Angeles Department of Transportation (LADOT), which has a critical need for Bus Operators. Supportive services, such as State of California Department of Motor Vehicle licensing fees, Metro rider passes, and gas cards, will also be provided by the selected proposers.

**BUDGET GUIDELINES**
Each agency contracted under the TET Program will need to submit a 17-month budget with a minimum set-aside of 50 percent for Training and Supportive Services. This set-aside should be itemized under Category #2100, Participant Related Costs (PRC), and should be reflected in the budget/expenditure plan.

**REQUIRED ACTION**
A budget/expenditure plan will be required from participating contractors of TET Program. Contractors should submit a budget reflecting:

1. Minimum set-aside of 50 percent for Training and Supportive Services;
2. Admin cap of 4 percent.

**WIOA CO-ENROLLMENT**
Eligible TET participants are to be co-enrolled into a WIOA program to ensure they obtain all the benefits and services they are eligible to receive, such as skills set enhancement and Career Counseling and Planning.

**MIS GUIDELINES**
