<b>Rapid Response Activities:</b>								
	The U.S. Department of Labor designed Rapid Response to provide assistance to employers and employees affected by industry declines, economic dislocations, and natural disasters by quickly maximizing public and private resources -- minimizing the disruptions on companies, affected workers, and communities that are associated with the job loss.							
<b>12</b>	<b>Rapid Response Formula Strategies</b>  Rapid Response strategies are conducted by Economic & Workforce Development Department (EWDD) staff, who respond to Worker Adjustment Retraining Notifications (WARNs) issued by employers regarding impending business closures and worker layoffs, and to companies laying off who are not required to file with the State or local officials that are found via staff research and partner networks.  When a layoff is announced, EWDD dispatches its team of Rapid Response Coordinators to make contact with the employer to assess the closure and scope, such as size and duration of the layoff. EWDD staff then develops a plan for delivery of a wide array of reemployment services (such as career counseling, résumé preparation and interviewing skills workshops, job search and job placement assistance and job training), and information on unemployment insurance, and COBRA/HIPAA/ERISA benefits. These services are provided in collaboration with Employment Development Department, WorkSource Centers, Department of Labor (DOL), and other partners.	1,093,781		1,093,781	899,793		899,793	(193,988)
<b>13</b>	<b>Rapid Response Layoff Aversion Strategies</b>  Layoff Aversion is a required strategy under Rapid Response typically implemented in partnership with economic development and business associations. The intent is to offer assistance to companies that request it and to save jobs. To save jobs, a Rapid Response team must be able to identify an at-risk company well in advance of layoffs, get executive level commitment to work together, assess the needs of the company, and deliver services to address risk factors. Activities include:  * Identifying "at risk" businesses that exhibit stress factors such as low credit rating, bankruptcy declaration, history of making late payments, and/or any other factor(s) that indicate that the business is at risk;  * Providing individualized services based on need. * Convening regional meetings to create "early warning systems" that can alert of problem areas/industries.  * Creating action plans and referring to appropriate resources/workshops; * Tracking, documenting, and reporting services rendered.  Potential contractors may include, but are not limited to, the following entities Contractor #1: Economic Development Corporation of Los Angeles County (LAEDC) Contractor #2: Launchpad Contractor #3: Concerned Capital  Additionally, the County of Los Angeles has provided funding to the City for licenses for Launchpad, and is working with Launchpad to improve program functionality to better assist in Layoff Aversion activities regionwide.	601,612		601,612	401,612	-	401,612	(200,000)

<b>28</b>	<b>Youth Assessment</b>  InnerSight used a widely researched and consistently validated interest and preference inventory designed to identify and clarify preferences, interests, learning and communication styles and more. A total of 1,134 clients took a personal inventory and then participated in an InnerSight experience that is guided by professional development experts. Each client received a guidebook tailored to them based on the results of their inventory. The results of the experience session empower clients by providing them a vocabulary for discussing their personal and career interests, a context for understanding their preferences in terms of who they are; a framework for making choices about their present and future educational goals that are in alignment with their preferences, interests and talents; and language to use in developing résumés and completing letters of application in a personal and professional manner college or professional career. Youth Assessment was provided by InnerSight through June 30, 2018. The Youth Assessment was re-procured via a Request For Qualifications for program year 18-19. <b>37</b>	<b>Los Angeles Regional Initiative for Social Enterprise - WIF (LA:RISE)</b>  This is a five-year demonstration project funded by the Department of Labor's Workforce Innovation Fund (WIF). The term of the WIF grant is October 1, 2014 to September 30, 2019. As a demonstration project, this activity targets individuals facing significant barriers to work. Program participants are randomly assigned to a control group or a treatment group. The project will measure the extent to which individuals receiving services as part of the treatment group will have improved employment outcomes compared to the control group participants. Building on the model of social enterprise, LA:RISE will stimulate job acquisition and retention for 500 individuals who make up the hardest to serve populations – those with a history of homelessness, incarceration, and disconnected youth. This innovative initiative is the first of its kind to integrate employment, social enterprise, and specialized services within the workforce system. LA:RISE will change the way business, government, and nonprofits work together in transforming the lives of people and communities with the power of a job. LA:RISE is a strategic collaborative that includes the City and the Roberts Enterprise Development Fund (REDF) providing the required planning and project management activities for the period of 60 months. Direct services to participants over the course of 36 months are provided by Goodwill Industries of Southern California, the Coalition for Responsible Community Development, Archdiocesan Youth Employment Services, the Regents of the University of California, Chrysalis Enterprises, the Downtown Women's Center, Homeboy Industries, Los Angeles Conservation Corps, Anti-Recidivism Coalition, Friends Outside of Los Angeles, and LIFT Los Angeles. Evaluation services for the full grant period of 60 months are provided by Social Policy Research Associates (SPRA).		43,371	43,371		-	-	(43,371)
