hello future

BROUGHT TO YOU BY

FOR COLLEGES, UNIVERSITIES, AND COMMUNITY ORGANIZATIONS...

ABOUT HELLO FUTURE

Created to address the pipeline problem with STEM careers, Hello Future is an interactive experience designed to ENGAGE, INSPIRE, and EMPOWER young people by bringing them together with today's most disruptive entrepreneurs, tech innovators, and brands.

HOW YOU CAN GET INVOLVED

We are actively seeking to build partnerships with local colleges, universities, and other organizations that serve young adults ages 18-24. Here are a few ways your organization can get involved:

- **Help With Transportation:** Sponsor bus trips for STEM classes or student organizations from your campus.
- **Join us as a Community Partner:** Staff a booth at our Expo & Career Fair on October 24.
- **Spread the Word About Hello Future:** Share this flier with relevant departments and student organizations. The event is free and open to all young adults ages 18-24.
